

4×4

16

A horizontal rectangular panel divided into three sections. The left section contains four green shamrocks with purple centers, arranged in a 2x2 grid. The middle section contains the mathematical expression 4×4 . The right section contains the number 16.

5×4

20

A horizontal rectangular panel divided into three sections. The left section contains five green shamrocks with purple centers, arranged in two rows of two and one in the center. The middle section contains the mathematical expression 5×4 . The right section contains the number 20.

6×4

24

A horizontal rectangular panel divided into three sections. The left section contains six green shamrocks with purple centers, arranged in two rows of three. The middle section contains the mathematical expression 6×4 . The right section contains the number 24.

7 x 4

28

A row of three puzzle pieces on a light green background. The leftmost piece contains seven green shamrocks with purple centers, arranged in a roughly triangular pattern. The middle piece contains the multiplication equation 7×4 in green text. The rightmost piece contains the number 28 in green text.

8 x 4

32

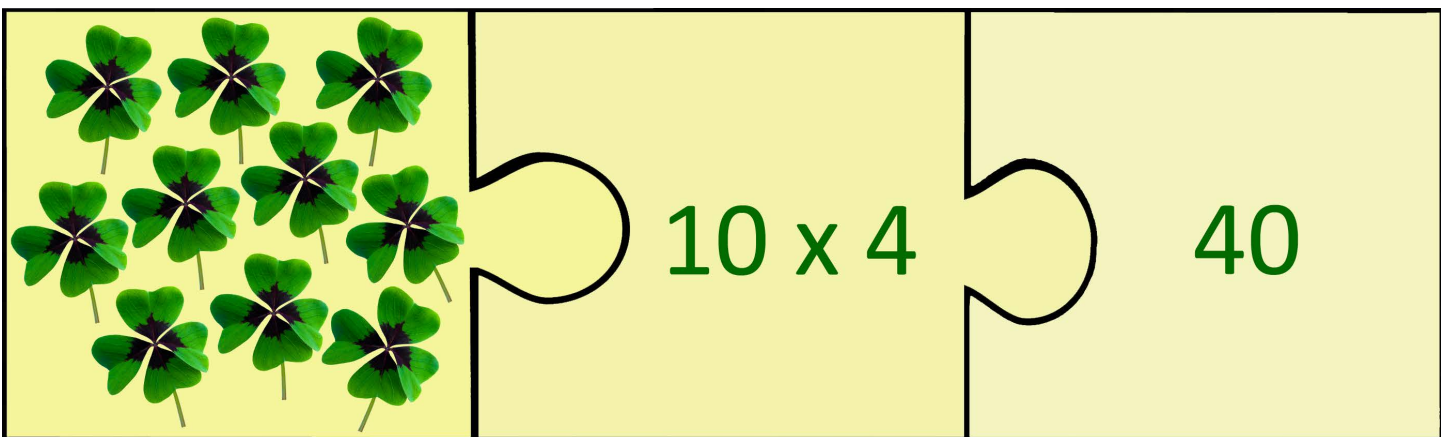

A row of three puzzle pieces on a light green background. The leftmost piece contains eight green shamrocks with purple centers, arranged in a roughly triangular pattern. The middle piece contains the multiplication equation 8×4 in green text. The rightmost piece contains the number 32 in green text.

9 x 4

36

A row of three puzzle pieces on a light green background. The leftmost piece contains nine green shamrocks with purple centers, arranged in a roughly triangular pattern. The middle piece contains the multiplication equation 9×4 in green text. The rightmost piece contains the number 36 in green text.

$$10 \times 4$$
